

The Jungle School

Deep in the Bornean rainforest there is a school like no other, Orangutan Jungle School! There, rescued orphaned orangutans are taught the skills they will need to live as they should, wild and free in the rainforest.

After graduating school, these orangutans move on to university on our pre-release islands. Once they have passed the final tests, including good nest building and finding food for themselves, then they are ready to go wild!

The Great Orangutan Adventure

Help Monita get back home to the rainforest

FUN fact
Monita is very curious. Like all orangutans, she loves fruits. So, she tries many different fruits each day to find out how they taste. If Monita doesn't like one, she just spits it out and moves on to the next. What a fun way to eat and learn!

1) How many insects can you find?

2) Find all the endangered animals

- Pangolin
- Komodo dragon
- Tiger
- Sunbear
- Gibbon

- Macaque
- Orangutan
- Elephant
- Sea turtle
- Rhino

Hidden fruit:

FUN fact
Borneo is the 3rd largest island in the world, and home to millions of unique plants and animals. Now that's BIG!

The worlds **oldest** rainforests

Home to **222** mammals

1,000 insect species can be found on just 1 tree

3) Borneo

5) Monita wants to go home

Find the correct path to the rainforest

- Sunbear
- Proboscis Monkey
- Irrawaddy Dolphin
- Hornbill
- Young leaves
- Figs
- Honey
- Fish

4) What do they eat?

Draw a line connecting the animal to it's favourite food.

Why not adopt a rescued orangutan today?
